Description: The UTSouthwestern fellowship in Female Pelvic Medicine and Reconstructive Surgery (FPMRS) is a three-year program designed to train obstetrician/gynecologists or urologists for productive careers in academic medicine. It is sponsored by the Division of Urogynecology and Reconstructive Pelvic Surgery, Department of Obstetrics and Gynecology, University of Texas Southwestern Medical School, and is carried out at the teaching facilities of the University of Texas Southwestern Medical Center in Dallas, Texas. Currently this program is approved for 1 fellow per year, for a total of 3. Two years of the fellowship are devoted to clinical training at Parkland Memorial Hospital, St. Paul Medical Center, Zale Lipshy University Hospital, and the Outpatient Clinical Center. One year of the fellowship is devoted to acquiring basic science research skills within the Department of Obstetrics and Gynecology. This fellowship program is accredited by the American Board of Obstetrics & Gynecology.

Requirements: Completion of residency training in Obstetrics and Gynecology or Urology.
